

Our Lady of Grace School Two Parents' Association Events

The Parents' Association has been busy with lots of fun activities for the community here at Our Lady of Grace. The second annual Stocking Stuffer took place on November 10th. There were over 30 vendors who filled the hall with their wonderful goodies. All those who came had a wonderful time socializing, shopping, eating, and enjoying themselves. It was a huge success! We can't wait for next year. Thanks to Nancy Gendron and her committee for all their hard work!

On November 8th, OLGS had their Race for Education. Every student from age three to eighth grade ran to earn money for Smart boards, interactive white boards. The plan is to have these boards throughout the school to help with all subjects of the curriculum. The children sent out over 2,000 mailers to ask family, friends, and neighbors to help support their efforts. The race was a tremendous success! Nina Wetzel and her committee out did themselves. The students really enjoyed the morning and felt that they helped the school improve. Well done everyone!
